In addition, Dragon Legal's enterprise-ready security features, configuration options and administrative tools make it easy to manage large user networks.

IGNITE PERSONAL PRODUCTIVITY WITH FAST, ACCURATE DICTATION

Dragon Legal is designed specifically for the legal industry. It features a special language model—trained using more than 400 million words from legal documents—that helps you achieve optimal recognition accuracy when dictating legal terms. You can import custom word lists that reflect your client base and areas of specialty and share them across the enterprise. Automatically format legal citations. And use Dragon's third-party correction features to streamline your transcription workflow for fast document turnaround.

IGNITE PRODUCTIVITY WITH FAST, ACCURATE DICTATION

Dictate naturally to create documents, spreadsheets, presentations, email, and more—three times faster than typing—with up to 99% accuracy. With Dragon Legal, you'll even get more accurate dictation results over time. Intelligent reminders prompt you to initiate analysis of documents and emails so Dragon quickly adapts to your voice and writing style. Plus, the software automatically updates your voice profile based on your dictation sessions and corrections to deliver continuous accuracy improvements.

- **NEW! Natural-sounding text-to-speech reads back editable text—with fast-forward, rewind and speed and volume control—for easy proofing or multitasking.**
- **NEW! Smart Format Rules allow Dragon to adapt by detecting your format corrections—abbreviations, numbers, and more—so your dictated text looks the way you want it to every time.**

IGNITE PROFICIENCY AND EASE OF USE

- **NEW! An interactive tutorial provides simulations to enable you to learn and practice good dictation, correction and editing habits so that you can become more proficient with Dragon in record time.**
- The Dragon Sidebar puts important voice commands and tips in one convenient desktop location. And on-screen help means assistance is always available when you need it.

IGNITE A VOICE-DRIVEN EXPERIENCE IN MORE APPLICATIONS

You can use Dragon Legal with many of the Windows® applications you use every day on the job. Dictate, edit and format text in Microsoft® Word, Excel®, PowerPoint®, Outlook®, OpenOffice™ Writer, Corel® WordPerfect® and more. Search the Web using Internet Explorer®, Mozilla® Firefox® or Google Chrome™. Dragon Legal even works with industry-specific programs including most case management systems.

NEW! Use Dragon Legal with two of the most popular web-based email applications—Gmail™ and Hotmail®—with Full Text Control and commands for the most frequent actions.

IGNITE CONVENIENT PC COMMAND AND CONTROL

Use simple voice commands to create files, send email, schedule meetings, open and close applications or folders, switch between windows, save and convert documents, and search the Web or your desktop with remarkable speed and ease.

Compatible with Windows 7

Dragon Voice Shortcuts™: Execute multiple keystrokes and mouse clicks with a single voice command that can be spoken at any time—no matter what is active on your screen—to help you get more done in less time.
Time-Saving Custom Commands: Create special voice commands that let you build and format document templates, fill out forms, insert frequently used text and graphics, or automate multi-step tasks like saving a document under a certain name, printing it, and attaching it to an email.

IGNITE SUPERIOR CLIENT SERVICE WITH STREAMLINED TRANSCRIPTION

Dragon Legal's Auto Transcribe Folder Agent manages transcribed text and synchronized audio flow of digital voice recordings to streamline third-party review and correction. A Roaming User feature supports dictation and third-party correction from different network locations while ensuring centralized control of master user profiles. Dragon automatically updates the appropriate voice profile—no matter who corrects the transcribed text—to deliver improved recognition accuracy over time.

- **NEW! The Auto Transcribe Folder Agent now produces Microsoft Word .DOC and .RTF formats in addition to text files. Administrators can also now set up automatic email notification to alert users when a transcription job is complete.**

IGNITE MOBILITY FOR PRODUCTIVITY ON THE GO

Dragon Legal helps you maintain optimal productivity in the office, at home, on the road or anywhere your job takes you.

- Use a Nuance-approved digital voice recorder or a compatible iOS device to dictate briefs, contracts, correspondence, and more at any time, from anywhere; Dragon automatically transcribes the audio files at your PC. Edit the transcribed text files yourself or make them available to support staff for review and correction.
- **NEW! Use a wireless headset for superior comfort and mobility; wideband Bluetooth support delivers exceptional recognition performance.**
- **NEW! Use your iPhone®, iPod® touch (4th gen), iPad® or your compatible Android™ device as a remote microphone for greater freedom and flexibility on the go.**

IGNITE USER ACCESSIBILITY AND CORPORATE COMPLIANCE

Dragon Legal is Section 508 certified, enabling you to meet government-mandated accessibility requirements for workers with disabilities. The software can also help prevent repetitive stress injuries and keep more employees productive on the job.

IGNITE EASE OF ENTERPRISE ADMINISTRATION

Dragon Legal's security features and administration tools make it the ideal enterprise solution—even for the largest, most demanding law firms or legal departments. You can centrally manage voice profiles, custom vocabularies, feature access and multiple installations over a network with ease.

NEW! System administrators can create a recognition log that provides rich, objective information about usage for guiding enterprise users in achieving better results. The log also provides valuable metrics for measuring productivity gains and return on your Dragon investment.
